

Put your business on the local shortlist.

A useful offer. A discoverable business.

Shop Local First is a publicly browsable savings directory serving Texas Hill Country and Omaha. Every business listing starts with a real discount and clear redemption instructions.

Business offer listings

A dedicated offer page brings together the discount, terms, business description, photos, and clickable contact details. Listings are organized by city and business category.

Featured local savings

Ask about curated homepage visibility for an eligible local offer. Availability, dates, placement, and any charges must be confirmed before a campaign begins.

City partnerships

Work with your representative on the right city coverage. National brand recognition alone does not make an offer valid at every location; eligibility follows the actual terms.

Ready when you are.

Your creative checklist

Send your business name, region, contact details, website, goals, timing, high-resolution logo, and photos you have permission to use. Include final copy, restrictions, expiration dates, and exact website, telephone, social, and QR destinations.

Confirm before you create

Request current rates, available placements, final artwork dimensions, and deadlines. Then review the creative and links before publication. This kit does not guarantee audience totals, impressions, sales, exclusivity, or editorial coverage.

Marvin Willis | Texas Hill Country
